TRAINING OPTIONS AVAILABLE

1. Onsite Training

In-person training conducted at your premises.

The client must ensure the following:

a. The facility is of suitable size

b. The facility is equipped with internet connectivity, power and a projector, if a projector is not available, please indicate accordingly

2. One-on-One Online Training

Two sessions over 2 days, delivered directly to your company. Training is conducted on your actual account (if accessible) and sessions are recorded and shared afterwards.

Please note: This option incurs additional costs. (Zoom only)

3. Group Online Training

Two sessions of generalized system training held over 2 days. The dates of training are pre-determined by the ERSBio team twice a month, are free of charge, and will cover a set list of items from across the ERSBio system. These sessions will include attendees from various companies, and as such, the sessions are less flexible than one on one training. (Zoom only)

4. E-Learning

Pre-recorded training videos are accessible through our learning platform. Access is provided by our bookings team and there is no additional cost for this option.

PLEASE SPECIFY YOUR TRAINING PREFERENCE

ONSITE

☐

ONE-ON-ONE ONLINE

☐

GROUP ONLINE

☐

E-LEARNING

☐

If Onsite was selected, provide address where training will be held:

If Onsite, is it required that the Trainer bring a projector to site?
